Dear Parent(s) or Guardian(s),

You have already received Study Island summer math program information with other school documents in a previous mailing. In order to access Study Island, your child should go to www.studyisland.com. Login information is as follows:

Username: Firstname.Lastname@maritimestudents.org (please note the capitalization)

Password: maritime

Your child will be prompted to change their password upon their first login. Not only will students use Study Island this summer, but it is an important component of our PSSA preparation throughout the school year. It is important that students and parents become acquainted with the program; it is a key method by which we monitor your child's progress.

Please feel free to email me at saunders.p@maritimecharter.org should you have any questions.

Peter Saunders

Peter Saunders, Middle School Principal
