De-Escalation Techniques and Strategies Training

Ms. Dwell is offering training in De-Escalation Techniques and Strategies for students with oppositional, defiant, or explosive behaviors. The training will cover verbal and non-verbal techniques appropriate for general education students, as well as special education students. The training will provide Act 48 credits and a Safe Restraint Training certificate of completion.

The sessions are at the middle school:

February 20th, 4:00 PM – 7:00 PM

February 27th, 4:00 PM – 7:00 PM

Teachers must attend both sessions to receive full credit. Additionally, a full-day session has been planned for all Special Education teachers on March 2. All Special Education teachers are required to attend. Please RSVP to dwell.e@maritimecharter.org.

Maritime in the Winter

High School Awards Ceremony & Rally

On February 1st, the high school held its awards ceremony for the second quarter. A significant number of students received First and Second Honor awards, as well as individual awards from their teachers. After the ceremony, the students, faculty, and staff joined Mrs. and Mr. Courtney in singing the Eagles Fight song.

Middle School PSSA Collaboration

At the middle school, Ms. Rubin and Ms. Wassel's classes have been working collaboratively towards succeeding on the PSSA. The students are helping each other learn new skills and apply those skills towards the standardized test.

Middle School Kiss-A-Pig

This Kiss-a-Pig assembly at the middle school was a huge success. The assembly was held for the students who participated in the fall Hershey candy sale fundraiser. Students who sold the most candy were given the opportunity to pie their teachers in the face. Mr. Poznek, Mr. Saunders, Mr. Walsh, and Mr. Benner all took one for the team and embraced a pie to the face.

Maritime News

Middle School Visits The High School

The Maritime High School held an Open House for the Maritime Middle School students. The middle school students toured the high school halls, spoke with the administration, visited classrooms, and listened to presentations by high school students. Overall, it was a successful tour.

Business Math Goes To The Mint & Federal Reserve

Ms. Koivula and Mrs. Karnes took the senior business math class on an excited expedition to The Mint and Federal Reserve where students had the opportunity to see how currency is created and processed. The students enjoyed getting a sneak peek at what goes on behind the scenes at these institutions.

Sea Maritime In Pictures

Word Operations!

Ms. Hughes' 2A class became "surgeons" for the day, and "operated on words to create contractions. They also created phases of the moon using Oreo cookies. Nice work, Ms. Hughes!

Villanova Engineering, Science and Technology Enrichment and Development (VESTED)

Dr. Steven Jones is running Villanova's VESTED program to encourage young high school students to get involved in engineering. The VESTED program introduces the fields of engineering, science, and technology, also known as STEM, to students and provides them with the "experience, skills, and incentives to succeed in high school, transition to college, and then into the engineering and technology industry." To learn more about the program visit the [VESTED website](#).
