Parent Notification of MACS Title I Programs **2021-2022 School Year**

September 2021

Dear Parents and Guardians:

The Maritime Academy Charter School receives Title I Federal Funds annually. The amounts of these funds change from year to year depending on student enrollment and the percentage of qualifying students. Your completion of our Household Survey, posted on the MACS website, is critical in determining our funding.

The purpose of Title I funds is to help insure all children have access to the support they need to meet the rigorous Pennsylvania Academic Content Standards.

At MACS, we use our Title I funds to purchase and upgrade technology, purchase instructional aids for classroom use, and fund some teachers' salaries to keep our teacher: students' ratio at an optimal level for effective learning.

At various times during the school year, Maritime will hold Parent Informational Meetings to share program updates and progress and to ask for your opinions regarding how we should allocate our federal funds. We hope you will take advantage of these enlightening program meetings. As a parent of a student in a Title I Schoolwide school, you have the right to request the qualifications of your child's teachers and/or paraprofessionals working with your child.

Should you have questions about MACS Title I programs and services, please feel free to contact me.

Sincerely,

Eugene Mattioni, Esq.
Chief Executive Officer
