Fall 2021 CLC Program Offerings

Attention Parents/Guardians and Cadets:

Our 21st Century Community Learning Center is re-opening for the Fall with AM sessions beginning today, August 31st and PM sessions on September 7, 2021. Please review the programs available (Elementary School only) and complete the application form if your cadet is interested in joining. Students do not have to attend Maritime Academy to register for these programs. Please note that transportation is **NOT** available for both before and after school activities.

CLC classes begin right after dismissal. Parents should go to the main office in Building 11 to sign out their child. CLC staff will bring the cadet to the front doors of Building 107 for dismissal.

All participants must be picked up no later than 5:30 PM.

On the application form, please indicate which days you wish your child will attend and for which programs you would like them to participate in each day. Based on staffing and class size, we cannot guarantee that your child will be rostered in the requested class each time they attend. The cadets, however, will be able to participate in our CLC program but may be shifted to another program.

We plan for CLC programs based on the applications received. We will assume that your child is staying for CLC on the days listed on the application you fill out unless you contact us to tell us otherwise.

CLC participants will receive a snack at the beginning of classes. All cadets will do Homework Help at the beginning of their CLC class no matter which class they are assigned.

Program Offerings:

PSSA and More Morning Assistance: Our program is a technology integrated tutoring program that uses specialized instruction to help reach individual learners. Cadets in all grades will use their Chromebook to work on assigned programs or receive individual help. This is a great program to help students with concepts they have difficulty in, a project that needs more direction, computer access, homework help, PSSA practice, or whatever the school related instruction may be.

Meets Monday through Friday from 6:30 to 7:15 AM in various locations.

Academic Enrichment (Formerly Homework Help): Students in all grades will work in a classroom setting with a Maritime teacher for assistance in areas of academic weakness or on the day's homework. We will have college students in the room assisting the teachers in the work.
