25 AUG 2022

Dear Cadets and Families:

It is my honor to serve as your principal and welcome you back to a new school year! I hope you had a restful summer and are ready to return. I am pleased to announce that Mr. Stephen Hewitt (Assistant Principal) has joined our high school administrative team!

It is our mission to prepare each cadet for the challenges of post-secondary life, whether that be education or gainful employment. To that end, we are excited for all that the 2022-2023 school year will hold. Maritime Academy strives in creating a safe and healthy learning environment where students complete a comprehensive, rigorous academic program. These programs are uniquely crafted in partnership with our community, and our maritime industry partners, to prepare students for a marketplace that is rapidly evolving and in need of new, innovative problem-solvers. Whether our cadets aim to move into a two or four-year degree program, join the workforce, start a business as a courageous entrepreneur, or join our valiant armed forces to defend American freedom, Maritime is committed to preparing each and every cadet for success.

It is my expectation that throughout the 2022-2023 school year cadets will:

- Maintain regular, punctual attendance in order to keep up with learning and activities.
- Arrive to school prepared in proper school uniform along with necessary materials, including a charged Chromebook.
- Work hard and always be rich in kindness.
- Support one another and participate in extracurricular activities.

Maritime Academy prides itself on producing outstanding young adults, and I find that excellence in these basic elements of school participation yield amazing results over time.

I am very excited to welcome cadets back to school for the 2022-2023 school year. Enjoy your final days of summer and Go Seadogs!

With Pride,

Matt Wilson  
High School Principal
