Aquarium Field Trip!

Cadets explored the Camden Aquarium in early March! They took a behind-the-scenes tour of fish-holding facilities, the water quality lab, food prep areas, and to the top of a 760,000-gallon exhibit where many animals live, including sea turtles and the famous hammerhead shark "Anchor".

Cadets enjoyed the many exhibits and activities at the aquarium. Cadets especially enjoyed touching sharks, horseshoe crabs, stingrays, and starfish!

U.S. AP History Field Trip

SeaPerch Challenge

After many hours of design, construction, and preparation, Cadets competed in the SeaPerch Regional Challenge against more than 12 other high school teams.

Sambo Lim, Aidan Zaremski, Sabjan Kotjara, and Tiffany Taylor documented and presented their design process, discuss mission parameters, then drive their underwater tethered Remote Operated Vehicle (ROV) through an obstacle course. Mr. Gosse, Mrs. Neel, and Mr. Lerro mentored the team.

Cadets accomplished this year's mission, which was deep-sea exploration support simulation, including opening an elevator, collecting rock and gas samples, and sending a sample buoy to the surface. The Pool Operations Team won 1st place in Pool Performance!

Congratulations Cadets!
