SeaPerch Update:
The Seaperch Crew completed and tested the vehicle controller assembly. Here they are testing it on a previous seaperch build.

Challenge Day

Challenge Day programs are a powerful catalyst for growing acceptance and compassion in schools and communities. Challenge Day is a first step to create awareness about ways we separate socially, and to learn tools that can help people bridge those divides. "Our vision is that the connection fostered in a Challenge Day room can be an everyday experience for every community. The 'Be the Change' Movement is about creating the school, community and world of your dreams every single day."

MACS High School 9th-11th graders participated in this year's day-long challenge program. Staff and students alike reported it was a worthwhile growth experience!

High School

Challenge Day, cont.'d

Sea Cadets from Middle and High school had a holiday Pizza party ...a great way to break up the winter blues!

Sea Cadets Holiday Party!

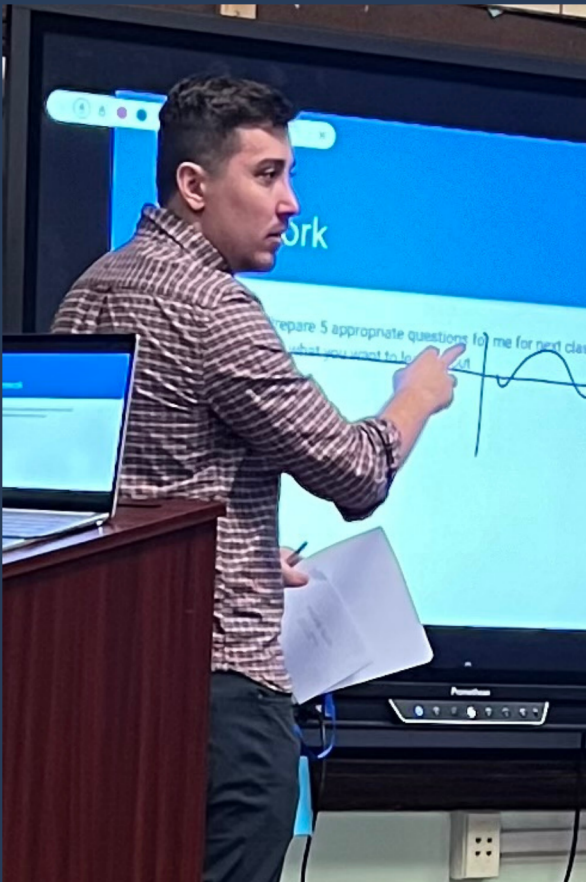

These Sea Cadets (and Nurse Rowley) passed their Boating Safety course!

Sea Cadet Advancement

Chief P. pinned Petty Officer 2nd class Sabjan Kotarja with his second class tab on Wednesday 10 January!

Petty Officer Kotarja also recently graduated from a physical security training in Tennessee over the break. HOOYAH Petty Officer Kotarja!

Cadet Joel Hernandez is advanced to Petty Officer third class!

Hooyah!
